Summary

ECE student with a strong interest in software development, AI, and full-stack development. Proficient in Python and Tkinter with hands-on experience building real-world applications, including a smart calculator with GUI and advanced features. Demonstrates strong problem-solving skills and a passion for developing practical, user-focused solutions. Currently expanding skills in web development and AI-based systems, with a basic understanding of electronics and embedded systems from ECE background.

Certificates

Front End Technologies, IBM	
Information Technology Specialist-Python, Certiport (Pearson / CertNexus)	12/2025
IT Specialist - Data Analytics, Certiport	03/2026 – Present

Skills

Python	● ● ● ● ●	Problem Solving	● ● ● ● ●
HTML & CSS	● ● ● ● ●	Basic Data Structures	● ● ● ● ●

Projects

Smart Calculator with GUI (Python Tkinter), GUI-based Calculator Application	03/2026 – Present
Developed a smart calculator application using Python and Tkinter with an interactive GUI.	
Implemented features like input validation, error handling, and keyboard support.	
Designed a user-friendly interface with responsive layout and basic animations.	
Integrated functionalities such as calculation history, sign toggle, and real-time evaluation.	

Education

B.Tech in Electronics and Communication Engineering, Srinivas University Institute of Engineering and Technology	10/2024 – 05/2028
Pursuing B.Tech in Electronics and Communication Engineering with growing interest in software development and programming.	Mangalore, Karnataka
